**FIREPLACES :: 2ND**  
**WITTUS-FIRE BY DESIGN**  
**TOBA PELLET STOVE**

Wittus’ Toba Pellet Stove is available in a variety of finish options and is paired with a smart digital remote control with a thermostat and timer for ease of operation. Comfort Air technology extracts heat with over 90% efficiency. [WWW.WITTUS.COM](http://WWW.WITTUS.COM)

**KITCHEN+BATH :: 1ST**  
**SANIFLO SANIACCESS 3 UPFLUSH PLUMBING SYSTEM**

Saniflo’s SANIACCESS 3 Upflush Plumbing System comes equipped with two panels on top of the unit, allowing every component inside to be serviced without disconnecting the unit. The unit can also handle wastewater from two additional fixtures, such as a sink and a bathtub or shower. [WWW.SANIFLO.COM](http://WWW.SANIFLO.COM)

**KITCHEN+BATH :: 2ND**  
**CAROMA FLOW SHOWERHEAD**

The Caroma Flow high-efficiency showerhead includes an engineered nozzle that pressurizes water to produce a uniform, and soft yet powerful spray of water; maximizing comfort while saving up to 10 gallons more water than the standard 2.5gpm showerhead for a 10-minute shower. [WWW.CAROMAUSA.COM](http://WWW.CAROMAUSA.COM)

**LUXE :: 1ST**  
**WATERMARK ID LUXURY SHOWER SYSTEM**

The fully customizable “smart” Luxury Shower System offers a personalized shower experience with a full-color digital touch screen, thermostatic valve that controls up to four shower outlets, ability to control shower lights, connection to any audio device with headphone jack, and nine programmable preset shower scenarios. **MECHANICALS :: 2ND**  
**BOISE CASCADE CONDITIONED AIRSPACE HVAC FRAMING**

Boise Cascade’s Conditioned Airspace HVAC Framing allows ductwork to run through holes in second-floor BCI Joists to feed first and second floor living spaces. It costs about the same as current framing techniques, but allows builders to build homes with up to 35% lower energy costs. [WWW.BC.COM](http://WWW.BC.COM)

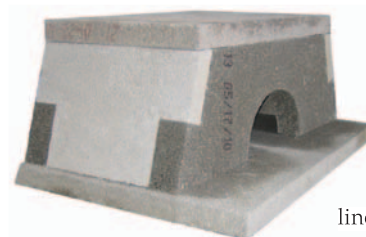

**LIGHTING :: 1ST**  
**NORA LIGHTING “DIAMOND SERIES” LED RETROFIT RECESSED DOWNLIGHTS**

The Diamond Series is the latest addition to Nora Lighting’s expanding line of LED products, featuring the industry’s most complete lineup of LED retrofit recessed downlights, offering up to 50,000 hours of performance. [WWW.NORALIGHTING.COM](http://WWW.NORALIGHTING.COM)

**LIGHTING :: 2ND**  
**CREATIVE SYSTEMS LIGHTING ECO-DOWNLIGHT LED MINI**

The Eco-Downlight LED Mini by Creative Systems Lighting offers a compact version of the Eco-Downlight, the only true “green” LED replacement for the 50-Watt MR16 lamp. Fully dimmable, the UL-listed and Energy Star-compliant LED fixture ensures cool operation that reduces HVAC expenses and long lamp life that reduces maintenance costs. **LUXE :: 2ND**  
**EARTHCORE ISO'VEN**  
**WOOD BURNING OVEN**

Earthcore’s new ISO’ven kit, designed for personal cooking and family use, includes the proprietary inner liner and cooking surface, oven enclosure, mortar and temperature gauge. Most wood burning ovens take about 4–5 hours to heat; however, the ISO’ven is ready in as little as an hour with cooking temperatures reaching 700 degrees. [WWW.ISOKERN.NET](http://WWW.ISOKERN.NET)
